Dr. Jaime Gonzalez Launches the Bear Creek Veterinary Alternatives Web Site as a Resource for Pet Owners

(Sarasota, FL – September 3, 2010) – Jaime Gonzalez DVM, CVA recently announced the launch of a new Web site for Bear Creek Veterinary Alternatives. The Web site, at www.bearcreeksarasota.com, will offer information on alternative and holistic medicine for pet owners. The site is meant to fill a need for a free, community-based source for information that is not widely available. Pet owners can find links to international articles, nutritional information, classes, and special promotions and events. The site links to community partners such as local holistic pet stores, practitioners of animal massage and healing, and educational associations around the world.

Dr. Gonzalez's holistic approach to veterinary care combines 20 years of conventional medicine practice along with emergency care experience, and holistic medicine including Traditional Chinese Medicine (TCM), acupuncture, homeopathic, nutrition, and other treatment modalities.

###

The Bear Creek philosophy is rooted in the ancient belief that all things are interconnected including our physical, emotional, mental, and spiritual health and that of our animal companions. Dr. Gonzalez is certified in veterinary acupuncture: International Veterinary Acupuncture Society IVAS; American Holistic Veterinary Medical Association AHVMA; American Academy of Veterinary Acupuncture AAVA; American Veterinary Medical Association AVMA. For more information please call 941-312-6825 or www.bearcreeksarasota.com.
