RESCHEDULING, CANCELLATION, AND PAYMENT POLICIES

Welcome to our practice! We are happy to provide excellent customer service and a high quality standard of care for all of our patients. 😊

A thorough medical history and evaluation of your pet takes time. It starts with the staff and doctor reviewing your chart and medical history *before* the appointment. If you have ever felt a bit rushed in a traditional doctor's office before, our scheduling should appeal to you.

We reserve 60 to 90 minutes of the doctor's time for your first appointment, longer than the typical conventional veterinary clinics. The doctor will thoroughly evaluate your pet's history, symptoms, and answer your questions.

Certain appointment times are very popular and if you cannot make your appointment, please let us know at least 24 hours in advance, that will allow us to schedule an appointment for another patient. We do have a waiting list.

If you miss your appointment or cancel with less than 24 hours notice you will need to pay in advance for future appointments.

If you are *more than 15 minutes late* for your appointment, we may have to reschedule your appointment. Please call us at 941.312.6825 and we will be happy to reschedule for you.

For "no shows" we reserve the right not to reschedule your appointment.

All services and products rendered must be paid in full at the time of your appointment. Please sign below indicating that you have been informed of these policies.
