

Congratulations to “Romeo” Hoodwin! He’s faced many challenges, including chronic kidney failure and yet he will soon be celebrating his 20<sup>th</sup> birthday in May.

At Bear Creek Veterinary Alternatives, Romeo received subcutaneous fluids, every two weeks to help him along for the last two years. Tinctures and herbal supplements were also part of his protocol. His mom’s ongoing commitment is one of the most helpful factors in his health.

Mrs. Hoodwin has made sure he had a great, whole foods diet and kept his appointments for fluids without fail. All that plus a great deal of love, has kept him a happy and healthy dog.

Romeo is a special dog indeed and all of us here at Bear Creek Veterinary Alternatives wish him the best!
